ARTICLE I. GENERAL OVERVIEW

Section 100. Purpose

The Purchase Assistance Toward Homeownership (PATH) program is designed as a down payment and closing cost assistance program for Greenville County employees. The PATH program aims to achieve the following policy goals:

Workforce Recruitment and Retention

The PATH program strengthens Greenville County's ability to recruit and retain a stable, high-quality workforce by reducing housing costs and home purchase barriers for its employees.

Housing Affordability for Middle-Income Workers

PATH provides a mechanism to make homeownership more affordable by reducing up-front costs when purchasing a home. Over the long term, the down payment assistance acts to reduce the housing cost burden of the homeowner by reducing the first mortgage loan amount and payment needed to qualify for a mortgage. PATH targets homebuyers earning up to 120% of AMI.

Promoting Wealth Building through Homeownership

Greenville County and Greenville County Redevelopment Authority (GCRA) recognize the value of pursuing and fulfilling the American Dream of Homeownership, the primary mechanism for wealth building for most households. PATH will allow households to secure long-term financial stability through homeownership.

The PATH guidelines establish the general program requirements, terms of assistance, and the process for PATH funds. The program is funded through the Greenville County Affordable Housing Fund (GCAHF) and the County Council vote to set aside \$1 million dollars in the Greenville County 2025-2026 Budget for an employee down payment assistance program. The PATH program is not HUD funded, nor mirrors exactly the GCAHF funding as used for affordable housing. The program will continue until all funds are expended.

The program is administered by the GCRA.

All inquiries regarding the program or a specific PATH loan should be directed to jhallman@gcra-sc.org or through calling GCRA at (864) 242-9801 ext. 109 for Julie Hallman.

GCRA will underwrite a PATH application to determine household income independent of the first mortgage lender's determination of household income. GCRA reserves the right to deny a PATH applicant if income is deemed insufficient to cover the housing payment and all monthly debt for the household. Underwritten income will reflect the most reasonable projection of the household's income in the next 12 months. GCRA will require supporting documentation of income and employment history for the previous two years. This includes:

- i. Four most recent paystubs for Borrower and Co-Borrower
- ii. Most recent two years of W-2s
- iii. Most recent two years of 1040s

(c) For other income sources GCRA will provide specific guidance on supporting documentation needed to include income.

(d) The Applicant's housing payment will be reviewed for affordability with a target housing ratio not to exceed 36%, and a total debt ratio not to exceed 42%. GCRA reserves the right to approve a PATH loan that exceeds these ratios.

Borrower and Co-Borrower Annual Income	Maximum Assistance
Up to \$70,000	\$40,000
Between \$70,000 - \$85,000	\$30,000
Between \$85,000 - \$105,000	\$20,000

Section 301. PATH Loan Terms

PATH funds will be provided with the following terms:

- Non-amortizing forgivable loan at a 0% interest rate
- No payments required
- No pre-payment penalty
- Secured by a promissory note and restrictive covenant
- Non-recourse loan
- 30-year term

PATH funds will be provided at closing. Additionally, the Borrower may not receive funds back at closing.

Section 302. Recapture and Forgiveness Period

The PATH loan will have a 10-year restricted use period. The loan will be recaptured (due back to GCRA) at 100% of the original PATH loan amount under the following conditions:

- The Borrower sells the home within five years of the date of the PATH note.
- The Borrower ceases to use the home as their primary residence within the first 5 years.
- The Borrower ceases to be employed by Greenville County within five years of the

PATH note date.

- Either of these conditions will result in the loan being recaptured at 100% when the home is sold.

Through years 5 – 10 of the restricted use period, the note will be forgiven by 20% each year until the PATH note is completely forgiven at year 10. For this to occur, the Borrower must remain a Greenville County employee and use the home as their primary residence.

If the Borrower ceases to be employed by the County or the home is no longer the Borrower's primary residence within years 5-10, the incremental loan forgiveness will freeze at that time. The remaining balance after deducting the forgiven portion will be due upon sale of the home.

Section 303. Refinancing

First mortgages can be refinanced, and the PATH note subordinated when there is no cash-out received in the refinance (rate and term refinance). Cash-Out refinances will require the PATH loan to be paid off at closing.

The first mortgage loan may be from any reputable lender.

Section 305. Homeowner/Homebuyer Loan-to-Value Limits

The total loan-to-value (TLTV) for a transaction with PATH funding shall not exceed 100 percent of the lesser of the sales price or the appraised value.

Section 306. Use Restrictions

The Applicant/Employee must maintain the home as a principal residence for 10 years.

Section 307. Repayment Triggers

The following events will trigger GCRA to call the PATH note due:

- The Borrower sells the home
- The home is no longer used as the Borrowers' primary residence
- First mortgage lender foreclosure
